VINTAGE NOTES

The 2022 vintage on the Sonoma Coast was very memorable. After a relatively early bud break, we experienced mild weather through bloom and most of the summer. A lighter than average crop ensured excellent concentration in the wines, and things got very interesting in September. After a prolonged heat wave, we were moving at an incredibly fast pace to bring the fruit in. Once we were able to catch our breath a bit – it rained – because of course it would. After a lull in the pacing – and a nice chance for the rain to knock the dust off the fruit – we resumed harvest at a saner pace and the fruit was brought to the winery in excellent condition. The wines from 2022 show outstanding sense of place and freshness despite the myriad challenges. The logistical puzzle of picking crews, trucks and fermentation space was a wild one, but the wines that are coming out of this wild vintage are well worth it!

WINEMAKING NOTES

A 50/50 split between two vineyards located on the edge of Pinot winegrowing, Sealift and Seascape, the Sonoma Coast Pinot Noir used about 20% whole-cluster to push the vividly fruited aromatics of the wine.
